## Good Response Continues

Pledges and donations of many different amounts continue to arrive at our Campaign Office at the Parish Center. As of Wednesday, **104 households have offered their financial support.** Coupled with that are words of encouragement that are great gifts, too! For more Campaign information, please go to our website ([saintmargaret.com](http://saintmargaret.com)).

### The Initial Project: Our Entrances

Support Splitting under Side Steps

These pictures show why our first project needs to be the church entrances. The temporary repairs done about 10 years ago bought us time. But continuing exposure to weather (esp. rain and ice) has had serious impact on the structures. **ALL of us need the entrances!** We ask ALL parishioners to be part of this Campaign by making a pledge.

### First Inspection This Past Week

The contract was signed on Feb. 6th with an architect, Joe Pignitaro, who came with good recommendations and credentials. He understands our need to have a renovation of our main entrance and the side stairways that is of quality, but also cost efficient. Early this past week, his engineer made his inspection of the entrances. Mike Lorio, our Facilities Manager, was with him, making sure that our concerns will be part of his initial proposal.
