June 16, 2019

Vol II Edition 19

Total Pledged: \$857,880

One Last Step for Parishkind

Monday morning, after 9am mass, as the contractors removed the shrubbery from the front bridge, a few of us paused for one last selfie on the soon to be no more bridge.

Regarding the parish renovation projects, here is a follow up to last week's announcement. The first project (the side stairways) is finally complete. Some cosmetic work is still being done during the week, but they are open for use.

Now, the challenging part—the front entrance bridge. Preparation work began on June 10th. (See picture above.) The actual removal is planned to start on Monday, June 17th.

- This means that the only entrances to the church for the time it takes to rebuild it will be the side stairways.

- We explored a temporary bridge, but it is out of the question for safety and code reasons.
- We looked into another site – Suffolk Community College – but they could not guarantee one set place. Other possibilities were ruled out by being out of the parish (VFW or Elks on Horseblock Rd.)

The only realistic option is keeping the Mass schedule for those who can come in by the side stairways. (A list of Masses in neighboring parishes is in this bulletin and copies are in the lobby.) The contractor is the same one we used for the side steps and the rail fabricator already has the specs. We are hoping that the summer months will be enough time to have a new entrance installed (which will not be a bridge). We will keep you informed.

Proposed Schedule of Work

PHASE I **Fall 2018**

Approximate Cost: \$450,000

- Replace the Church Entrance Bridge and Side Stairways
- Mandated Removal of the oil tank in the Parish Center and replace the Boiler
- Update the Kitchen in the Auditorium

PHASE II **Fall 2019**

Approximate Cost: \$290,000

- Update Auditorium Bathrooms and Replace Parish Center's Handicapped lift
- Add Handicapped Parking spaces and Re-coat & re-stripe the Parking lot

- Install new padding on the kneelers

PHASE III **Fall 2020**

Approximate Cost: \$210,000

- Update Fire and Security Alarm systems in the Church and Parish Center

- Replace the Sidewalks
- Replace the Windows in the Parish Center
