

# Campaign Catch Up

July 7, 2019

Vol II Edition 22

## Total Pledged: \$857,880

## We've Made Concrete Progress

As you attend mass this weekend, you should be seeing the concrete poured for the walls on our new bridge. Last week we set the colors for the concrete on the top of the bridge. Things are moving forward.

Now that the front entrance is not available, the only entrances to the church for the time being will be the side stairways.

We have put together a list of Masses in neighboring parishes in this bulletin and copies are in the lobby and parish center. The contractor is the same one we used for the side steps and the rail

fabricator already has the specs. We are hoping that the summer months will be enough time to have a new entrance installed (which will not be a bridge).

We await the work to begin on the Parish Center heating conversion.

On July 3rd there was a walk-thru scheduled with contractors for the kitchen and restroom work in the auditorium. Once we receive their proposals, we can sign contracts and have a better idea of scheduling when we learn when they can put us on their calendars.

### Proposed Schedule of Work

**PHASE I** **Fall 2018**

**Approximate Cost: \$450,000**

- Replace the Church Entrance Bridge and Side Stairways
- Mandated Removal of the oil tank in the Parish Center and replace the Boiler
- Update the Kitchen in the Auditorium

**PHASE II** **Fall 2019**

**Approximate Cost: \$290,000**

- Update Auditorium Bathrooms and Replace Parish Center's Handicapped lift
- Add Handicapped Parking spaces and Re-coat & re-stripe the Parking lot

- Install new padding on the kneelers

**PHASE III** **Fall 2020**

**Approximate Cost: \$210,000**

- Update Fire and Security Alarm systems in the Church and Parish Center

- Replace the Sidewalks
- Replace the Windows in the Parish Center
