Vol II Edition 26

Total Pledged: \$857,880

They Cast the First Stones

Last Saturday morning the masons arrived bright and early. By the time the 5pm Mass started, they had laid most of the pavers for the bridge.

As of this writing (Tuesday evening), the center medallion and sidewalk are to be poured on Wednesday. This work will make the main entrance to the church more attractive. You should be seeing the results while coming into mass today.

Shortly, work will begin on replacing the heating system in the parish center. The current oil powered boiler and hot water system will be replaced by an efficient gas fired system. The old tank will be abandoned, filled and certified.

Proposed Schedule of Work

PHASE I **Fall 2018**

Approximate Cost: \$450,000

- Replace the Church Entrance Bridge and Side Stairways
- Mandated Removal of the oil tank in the Parish Center and replace the Boiler
- Update the Kitchen in the Auditorium

PHASE II **Fall 2019**

Approximate Cost: \$290,000

- Update Auditorium Bathrooms and Replace Parish Center's Handicapped lift
- Add Handicapped Parking spaces and Re-coat & re-stripe the Parking lot

PHASE III **Fall 2020**

Approximate Cost: \$210,000

- Update Fire and Security Alarm systems in the Church and Parish Center

- Replace the Sidewalks
- Replace the Windows in the Parish Center
